8 YAP JUICES

VOLUME 1 LITER

Apple

RECONSTITUTED APPLE JUICE

Ingredients: drinking water, green apple concentrate, natural apple flavouring agent, citric acid as regulating acidity E330.

Fruit content is not less than 100%.

Nutrition facts per 100g: total carbohydrate- 11,4g. Calories – 45,6kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Cherry

CHERRY NECTAR

Ingredients: drinking water, cherry concentrate, nature-identical flavouring agent "Cherry", sugar, citric acid as regulating acidity E330.

Fruit content is not less than 25%.

Nutrition facts per 100g: total carbohydrate- 13,5g. Calories – 54,0kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Tropic

NECTAR TROPICAL FRUITS

Ingredients: drinking water, tropical fruits concentrate, nature-identical flavouring agent "Mango", sugar, pectin E440, citric acid as regulating acidity E330.

Fruit content is not less than 50%.

Nutrition facts per 100g: total carbohydrate- 13,5g. Calories – 54,0kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Apricot

APRICOT NECTAR

Ingredients: drinking water, apricot concentrate, peach concentrate, natural flavouring agent "Apricot", sugar, pectin E440.

Fruit content is not less than 40%.

Nutrition facts per 100g: total carbohydrate- 13,4g. Calories – 53,6kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

SABA JUICES

VOLUME 1 LITER

Apple

JUICE DRINK "APPLE"

Ingredients: drinking water, concentrated apple juice, nature-identical flavouring agent "Apple", apple basis, caramel colour E150, sugar, citric acid as regulating acidity E330.

Fruit content is not less than 40%.

Nutrition facts per 100g: total carbohydrate- 12,2g. Calories – 48,8kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Orange

JUICE DRINK "ORANGE"

Ingredients: drinking water, orange concentrate, emulsion of orange, orange pulp, concentrated apple juice, natural flavouring agent "Orange", sugar, pectin E440, citric acid as regulating acidity E330.

Fruit content is not less than 25%.

Nutrition facts per 100g: total carbohydrate- 11,8g. Calories – 47,2kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Cherry

JUICE DRINK "CHERRY"

Ingredients: drinking water, cherry concentrate, concentrated apple juice, flavouring agent "Cherry", caramel colour, sugar, citric acid as regulating acidity E330.

Fruit content is not less than 20%.

Nutrition facts per 100g: total carbohydrate- 12,5g. Calories – 50,0kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

Tropic

JUICE DRINK "TROPICAL FRUITS"

Ingredients: drinking water, tropical fruits', orange and mango concentrates, concentrated apple juice, nature-identical flavouring agent "Mango", sugar, pectin E440, emulsions of orange and tropical fruits, citric acid as regulating acidity E330.

Fruit content is not less than 25%.

Nutrition facts per 100g: total carbohydrate- 12,2g. Calories – 48,8kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

SABA JUICES

VOLUME 1 LITER

JUICE DRINK "PEACH"

Ingredients: drinking water, peach concentrate, apple puree, natural peach flavouring agent, flavouring agent-emulsion of peach, sugar, pectin E440, citric acid as regulating acidity E330.

Fruit content is not less than 25%.

Nutrition facts per 100g: total carbohydrate- 12,9g. Calories – 51,6kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

JUICE DRINK "TOMATO"

Ingredients: drinking water, tomato paste, apple puree, sugar, table salt, carmoisin E122.

Fruit content is not less than 80%.

Nutrition facts per 100g: total carbohydrate- 5,9g. Calories – 23,6kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

JUICE DRINK "POMEGRANATE"

Ingredients: drinking water, pomegranate concentrate, concentrated apple juice, nature-identical flavouring agent "Pomegranate", nature-identical flavouring agent "Astringency", sugar, sugar colour E150, carmoisin E122, citric acid as regulating acidity E330.

Fruit content is not less than 20%.

Nutrition facts per 100g: total carbohydrate- 12,2g. Calories – 48,8kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

JUICE DRINK "MANGO"

Ingredients: drinking water, mango concentrate, apple puree, nature-identical flavouring agent "Mango", sugar, pectin E440, mango emulsion, citric acid as regulating acidity E330.

Fruit content is not less than 20%.

Nutrition facts per 100g: total carbohydrate- 13,3g. Calories – 53,2kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

Validity period: 12 months. Production date is mentioned on the pack's crest. Product is certified. Does not contain GMO.

SABA JUICES

VOLUME 0.2 LITER

JUICE DRINK "APPLE"

Ingredients: drinking water, concentrated apple juice, nature-identical flavouring agent "Apple", apple basis, caramel colour E150, sugar, citric acid as regulating acidity E330.

Fruit content is not less than 40%.

Nutrition facts per 100g: total carbohydrate- 12,2g. Calories – 48,8kcal.

Storage conditions: store at temperature from +2°C to +25°C with humidity not more than 75%. Once opened keep in a cool place at temperature from +2°C to +6°C not more than 3 days.

DRINKS SABA

VOLUME 0.5 LITER

JUICING ORANGE DRINK "SABA"

Ingredients: purified drinking water, orange concentrate, orange pulp, granulated sugar, acidity regulator citric acid E330, preservative sodium benzoate E211, antioxidant ascorbic acid E300, orange emulsion, preservative potassium sorbate E202, food additive stabilizer.

Nutritional value in 100 g of the product: carbohydrates-11.5 g. Energy value-46.0 kcal.

Storage conditions: store at temperatures from 0 °C to +18 °C and relative humidity of no more than 75%. After opening the package,

store in a dry and cool place at temperatures from +2 °C to +6 °C for no more than 2 days.

Shelf life: 6 months from the date of bottling.

The date of bottling is indicated on the container. The products are certified. Keep out of direct sunlight. Does not contain GMO. Shake before use.

WILD BERRY JUICE DRINK "SABA"

Ingredients: purified drinking water, apple concentrate, orange pulp, granulated sugar, acidity regulator citric acid E330, preservatives sodium benzoate E211, potassium sorbate E202, wild berry emulsion, food additive stabilizer.

Nutritional value in 100 g of the product: carbohydrates – 11.50 g. Energy value – 46.0 kcal.

Storage conditions: store at a temperature not below 0 °C and not above +18 °C. After opening the package, store in a dry and cool place at a temperature from +2 °C to +6 °C for no more than 2 days.

Shelf life: 6 months from the date of bottling.

The filling date is indicated on the product package. The product is certified. Keep out of direct sunlight. Does not contain GMO. Shake before use. Drink chilled.

JUICING MANGO DRINK "SABA"

Ingredients: purified drinking water, mango concentrate.

mango, apple puree, granulated sugar, acidity regulator citric acid E330, preservatives sodium benzoate E211, potassium sorbate E202, mango emulsion, flavoring identical to natural "Mango", food additive stabilizer.

Nutritional value in 100 g of the product: carbohydrates – 11.50 g. Energy value – 46.0 kcal.

Storage conditions: store at a temperature not below 0 °C and not above +18 °C. After opening the package, store in a dry and cool place at a temperature from +2 °C to +6 °C for no more than 2 days.

Shelf life: 6 months from the date of bottling.

The date of filling is indicated on the product package. The product is certified. Keep out of direct sunlight. Does not contain GMO. Shake before use. Drink chilled.

DRINKS SABA

VOLUME 0.5 LITER

Pomegranate

JUICING GRANATE DRINK "SABA"

Ingredients: purified drinking water, pomegranate concentrate, apple concentrate, granulated sugar, acidity regulator citric acid E330, preservatives sodium benzoate E211, potassium sorbate E202, flavorings identical to natural "Pomegranate", "Tartness", food coloring natural sugar bark E150d, food coloring synthetic carmoisine E122, food additive stabilizer.

Nutritional value in 100 g of the product: carbohydrates – 11,50 g. Energy value – 46,00 kcal. Storage conditions: store at a temperature not below 0 °C and not above +18 °C. After opening the package, store in a dry and cool place at a temperature from +2 °C to +6 °C for no more than 2 days.

Shelf life: 6 months from the date of bottling. The date of filling is indicated on the product package. The product is certified. Keep out of direct sunlight. Does not contain GMO. Shake before use. Drink chilled.

Tropic

JUICING TROPICAL FRUITS DRINK "SABA"

Ingredients: purified drinking water, apple concentrate, orange pulp, granulated sugar, acidity regulator citric acid E330, preservatives sodium benzoate E211, potassium sorbate E202, tropical fruit emulsion, synthetic food coloring carmoisine E122, food additive stabilizer.

Nutritional value in 100 g of the product: carbohydrates – 11.45 g. Energy value – 45.80 kcal. Storage conditions: store at a temperature not below 0 °C and not above +18 °C. After opening the package, store in a dry and cool place at a temperature from +2 °C to +6 °C for no more than 2 days.

Shelf life: 6 months from the date of bottling. The date of filling is indicated on the product package. The product is certified. Keep out of direct sunlight. Does not contain GMO. Shake before use. Drink chilled.

Pineapple

PINEAPPLE JUICE DRINK "SABA"

Ingredients: Purified drinking water, apple concentrate, orange pulp, granulated sugar, acidity regulator (citric acid E330), preservative (sodium benzoate E211), preservative (potassium sorbate E202), pineapple emulsion, natural-identical pineapple flavoring, food additive (stabilizer).

Nutritional value per 100 cm³ of product: Carbohydrates - 13.0 g. Energy value - 52.0 kcal. Storage conditions: Store at a temperature not lower than 0°C and not higher than +18°C. After opening, store in a cool, dry place at a temperature of +2°C to +6°C for no more than two days.

Shelf life: 6 months from the bottling date. The bottling date is indicated on the product packaging. The product is certified. Non-GMO. Keep out of direct sunlight. Shake before use. Drink chilled.

CARBONATED DRINKS «SABA»

VOLUME 0.5 LITER

Cola

"Saba" cola is a soft drink.

Ingredients: purified drinking water, granulated sugar, cola emulsion-I part, cola emulsion-II part, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. Maximum caffeine content is no more than 150 mg/liter.

Nutritional value per 100 cm³ of product:

carbohydrates – 11.6 g.

Energy value – 48.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C.

Expiry date: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

Cola

"Saba" cola is a soft drink.

Ingredients: purified drinking water, granulated sugar, cola emulsion-I part, cola emulsion-II part, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. Maximum caffeine content is no more than 150 mg/liter.

Nutritional value per 100 cm³ of product:

carbohydrates – 11.6 g.

Energy value – 48.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C.

Expiry date: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

Zirk

"Saba" barberry vitaminized soft drink

Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, trisodium citrate E331, caffeine-vitamin complex, barberry flavoring, neutral emulsion, dye blue brilliant E133, preservative potassium sorbate E202, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. The maximum caffeine content is no more than 150 mg / liter.

Nutritional value per 100 cm³ of product:

carbohydrates – 11.0 g.

Energy value – 47.0 kcal.

Storage conditions: store at a temperature of 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

Zirk

"Saba" barberry vitaminized soft drink

Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, trisodium citrate E331, caffeine-vitamin complex, barberry flavoring, food coloring natural sugar color E150, preservative potassium sorbate E202, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. The maximum caffeine content is no more than 150 mg / liter.

Nutritional value per 100 cm³ of product:

carbohydrates – 11.5 g.

Energy value – 45.0 kcal.

Storage conditions: store at a temperature of 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

CARBONATED DRINKS «SABA»

VOLUME 0.5 LITER

Pomegranate

"Saba" pomegranate soft drink.
Ingredients: Purified drinking water, granulated sugar, apple concentrate, carbon dioxide (E290) for saturating the drink, citric acid (E330) as an acidity regulator, natural-identical flavors "Pomegranate" and "Tartness," food coloring (caramel) E150d, preservative (sodium benzoate) E211, preservative (potassium sorbate) E202, synthetic food coloring (carmoisine) E122.
Nutritional value per 100 cm³ of product: carbohydrates – 13.0 g.
Energy value – 52.0 kcal.
Storage conditions: store at a temperature from 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging. The product is certified.
Does not contain GMOs.

Orange

"Saba" orange soft drink.
Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, orange emulsion, neutral emulsion, orange composition, preservative potassium sorbate E202, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290.
Nutritional value per 100 cm³ of product: carbohydrates – 11.5 g.
Energy value – 48.0 kcal.
Storage conditions: store at a temperature from 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging. The product is certified.
Does not contain GMOs.

Mojito

"Saba" mojito soft drink.
Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, lemon-mint composition, apple concentrate, preservative sodium benzoate E211, preservative potassium sorbate E202, trisodium citrate E331, food coloring natural sugar color E150, carbon dioxide for carbonating drinks E290.
Nutritional value per 100 cm³ of product: carbohydrates – 10.4 g.
Energy value – 49.0 kcal.
Storage conditions: store at a temperature from 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging. The product is certified.
Does not contain GMOs.

Cream Soda

"Saba" cream soda soft drink.
Ingredients: Purified drinking water, granulated sugar, apple concentrate, carbon dioxide (E290) for beverage saturation, acidity regulator (E330) citric acid, cream soda flavorings, food coloring (E150d), preservative (E211) sodium benzoate, preservative (E202) potassium sorbate.
Nutritional value per 100 cm³ of product: carbohydrates – 9.0 g.
Energy value – 36.0 kcal.
Storage conditions: store at a temperature not lower than 0°C and not higher than +18°C.
Shelf life: 6 months. The bottling date is indicated on the product packaging. This product is certified.
Does not contain GMOs.

CARBONATED WATER «SABA»

VOLUME 0.5 LITER

Carbonated water

"Saba" is a highly carbonated water.
Ingredients: purified drinking water, carbon dioxide for carbonating beverages E290, water hardness no more than: 7.0 mol/dm³. Mineralization mg/dm³ - 100-1000.

Storage conditions: store at a temperature from 5°C to +20°C. Shelf life: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.
Does not contain GMOs.

CARBONATED DRINKS «SABA»

VOLUME 1 LITER

Cola

Cola

Orange

Mojito

"Saba" cola is a soft drink.

Ingredients: purified drinking water, granulated sugar, cola emulsion-I part, cola emulsion-II part, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. Maximum caffeine content is no more than 150 mg/liter.

Nutritional value per 100 cm³ of product: carbohydrates – 11.6 g.

Energy value – 48.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C.

Expiry date: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

"Saba" cola is a soft drink.

Ingredients: purified drinking water, granulated sugar, cola emulsion-I part, cola emulsion-II part, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. Maximum caffeine content is no more than 150 mg/liter.

Nutritional value per 100 cm³ of product: carbohydrates – 11.6 g.

Energy value – 48.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C.

Expiry date: 6 months from the date of bottling. The bottling date is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

"Saba" orange soft drink.

Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, orange emulsion, neutral emulsion, orange composition, preservative potassium sorbate E202, preservative sodium benzoate E211, carbon dioxide for carbonating drinks E290. Nutritional value per 100 cm³ of product: carbohydrates – 11.5 g.

Energy value – 48.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

"Saba" mojito is a non-alcoholic carbonated drink.

Ingredients: purified drinking water, granulated sugar, acidity regulator citric acid E330, lemon-mint composition, apple concentrate, preservative sodium benzoate E211, preservative potassium sorbate E202, trisodium citrate E331, food coloring natural sugar color E150, carbon dioxide for carbonating drinks E290.

Nutritional value per 100 cm³ of product: carbohydrates – 10.4 g.

Energy value – 49.0 kcal.

Storage conditions: store at a temperature from 0 °C to + 18 °C. Shelf life: 6 months from the date of bottling. The date of bottling is indicated on the product packaging.

The product is certified.

Does not contain GMOs.

CARBONATED DRINKS «SABA»

VOLUME 1.5 LITER

ABOUT THE COMPANY

+993 61 239100
WWW.MIWELIOBA.COM.TM
8YAP_SABA

The main activity of our company is the production and distribution of a wide range of high-quality fruit juices, nectars and carbonated drinks under such well-known brands in our country as “8 ÝAP” and “SABA”. The company “Miweli Oba” has its own gardens with a total area of about 40 hectares, where fruits rich in various vitamins and useful organic substances are grown in ecologically clean conditions.

In our products, we use only natural sugar, as well as main ingredients from countries such as Germany, Austria, Holland, Spain, Greece. The quality of all ingredients is confirmed by numerous International Certificates. We are no less attentive to the quality of the packaging of our products. Suppliers of packaging materials are leading international companies from countries such as Germany, Italy, Turkey.

We are proud that today our Company is one of the leaders in the production and distribution of natural juices and carbonated drinks in the domestic market of Turkmenistan. The high quality and environmental standards of our products are confirmed by the relevant Certificates.

Since 2020, our company has been working to expand its export potential. Today, our products are already presented in the markets of the United Arab Emirates, Kazakhstan and Georgia.

Location: Daykhan Association “Kopetdag”, Gekdepin district, Akhal province, Turkmenistan.

The total area on which the plant is located is more than 2 hectares.

Trade mark of the manufacturer of the main production lines: Tetra Pak, Switzerland.

Fruit juice production lines:

0.2 liter Tetra Pak: 9,000 units per hour or more, 180,000 units per day.
